WILL STOP THE FIGHT AN ELECTION RIOT.

Order for Troops to Be in Readiness Already Given.

OFFICIALS ARE MUM.

They Profess Ignorance as to the Orders to Two Regiments of the National Guards—Court Will Render Decision Thursday

Columbus, O., Feb. 12.—Secret orders have gone forth to two regiments of the Ohio national guard to hold themselves in readiness for service in connection with the stopping of the prize fight at Cincinnati on Friday night. State officials professed ignorance when asked about the matter, but it is known orders have been issued to company commanders of the Fourth and Sixth regiments. Colonel Joseph Potter of Columbus, commanding the Fourth regiment, and Colonel Stanbury of the Sixth, have issued orders almost identical in character.

Governor Nash has intimated that if necessary he would use the troops, and possible orders which have gone forth may have been taken by regimental commanders on their own responsibility in anticipation of a call being made, but it is probable they have other reasons for the steps taken.

DECISION RESERVED.

No Ruling Before Thursday in the Jeffries-Ruhlin Fight.

Cincinnati, Feb. 12.—The hearing of arguments by Judge Hollister on the application for a permanent injunction against the Jeffries-Ruhlin contest here next Friday night closed shortly after 6 o'clock Monday evening. Judge Hollister announced that he would reserve his decision until 11 o'clock Thursday morning.

This means that the present suspense will continue until the day before the date fixed for the contest. All the arrangements at the big hall and elsewhere are completed and the sale of tickets continue brisk. The passes between counsel were very bitter. The old riots of 1884 were reviewed by Attorney Harmon, to whom Attorneys Bettinger and Wilson replied most bitterly.

The directors of the Saengerfest Athletic club will hold a meeting today and discuss the feasibility of postponing the Jeffries-Ruhlin contest for several days if the court should decide in their favor Thursday next. The fight promoters are not the least discouraged, but they are of the opinion that if the decision is not rendered until Thursday afternoon it would greatly affect the attendance, as people from distant points would hardly have time to reach this city for the contest Friday night. They will probably therefore decide to postpone the contest.

John Powers in Pennsylvania.

Louisville, Ky., Feb. 12.—The Courier Journal says: "One of the best known lawyers in the Eleventh district, who was in Louisville Monday, stated as a positive fact that John L. Powers, who is under indictment for complicity in the murder of Governor Goebel, left Knox county last September and went to Harrisburg, Pa., where, through the influence of Kentucky Republicans, he has secured an appointment under the administration of Governor Stone."

Denied at Harrisburg.

Harrisburg, Pa., Feb. 12.—Search in all departments of this commonwealth fails to confirm the story published in Louisville to the effect that J. L. Powers, under indictment in connection with the Goebel assassination, is in the employ of the state of Pennsylvania. All of the officials who could be seen deny the story.

Mulhallon About Cured.

Phoenix, A. T., Feb. 12.—Within a few weeks the precursor of worldwide fame, Joseph Mulhallon, will be discharged from the insane asylum of Arizona, where he has been under restraint and care for several months. According to the superintendent, there is nothing very much wrong with Joseph. He has a supersensitive nervous system and that is about all. He has had a quiet and peaceful existence at the asylum, with proper medical attention, and has lost about all the delusions that brought him to the asylum.

Transport Rawlins Floated.

Washington, Feb. 12.—Quartermaster General Ludington has received a telegram from Quartermaster Ham on the transport Rawlins which ran aground in the harbor of Santiago Sunday saying that the vessel has been floated. He said the vessel had sustained no damage. The Rawlins is to bring a battalion of the Tenth infantry to Newport News.

Topeka Reaches Barbadoes.

New York, Feb. 12.—The Army and Navy Journal has received a cablegram that the United States steamship Topeka, about which there has been some anxiety, has arrived at Barbadoes.

Trouble at St. Louis in the City Democratic Primaries.

THREE MEN ARE SHOT

While the Riot Was at its Height the Ballot Box Was Stolen—Ella Wells Gets the Nomination for Mayor of St. Louis.

St. Louis, Feb. 12.—More than 150 shots were fired, a sergeant of police and two negroes were wounded and a ballot box was stolen in a riot about the second district polling place of the Fourth ward, at Twelfth and Linden streets early yesterday evening.

It was only after a riot call had brought Captain Kiley with 40 policemen and riot guns to the scene that a semblance of order was restored. The streets were filled with negroes and some white men all of whom were armed, many of them intoxicated and looking for trouble. The trouble had been brewing all the afternoon.

When it came time to open up the polls the Tinker judges had not yet arrived. Later the Tinker men disagreed with the Wells men as to the advisability of opening the back door of the polling place. One claimed that the other had a host of heelers in waiting and if the back door was opened these men would press in to cause confusion and prevent their opponents from voting.

The Noonan crowd claimed that both the other factions were jockeying to prevent any voting whatever, because they said the ward was overwhelmingly for Noonan. The judges being unable to agree no voting was done. That was the situation up to the time of the riot.

Rumor has it that the first man to draw a pistol was a negro named Arthur Gardner. As soon as the shot rang out the street about the polling place became the scene of a fusillade. Every man drew one or two revolvers.

Judge John J. Ryan ran out from his desk to the street and shot squarely at a negro advancing upon the booth, gun in hand. There was no time to make arrests, but the police under Sergeant Quinlevan rushed upon the bolder rioters, attempting to disarm them.

It was while arresting George Monroe that the sergeant was shot. Ten police were on the spot within a few moments and succeeded in quelling the riot and dispersing the 200 negroes who had figured most prominently in the affray.

After order had been restored it was found that the ballot box had been stolen. Every judge and clerk had been at the windows or front door holding the fort. Some one had slipped in the back way and taken the box from behind them. The upshot was that no votes were polled yesterday in the second district of the Fourth ward.

Rolla Wells, a wealthy foundryman, will be nominated by the Democratic city committee for mayor, he carrying 20 of the 28 wards in the city in the primary election held yesterday. His election shows that both factions of the party have united. Wells supported the gold wing of the party for two terms. He was backed by the Jefferson club, the local party machine.

The primary awakened almost as much interest as a general election. The vote polled was the largest ever cast at a primary of either party. Keen rivalry between Rolla Wells, Edward A. Noonan and Jack Tinker, the three mayoralty candidates, brought out almost the full party strength.

The police arrested a batch of 25 men on the charge that they came here from Chicago to act as repeaters.

Charges and counter charges of repeating are made by all three sides.

War on Ladies' Pool Room.

Hot Springs, Ark., Feb. 12.—At a recent meeting of the council two aldermen made objections to the signs of ladies' pool room being exhibited on the streets of the city, and in the near future there will be resolutions prohibiting the same. The ladies' pool room is over the Illinois club, and several hundred women meet to bet on and hear results of the racing in Chicago, New York, New Orleans and other places.

Encountered Gales.

Queenstown, Feb. 12.—Incoming steamers report having encountered terrific weather on the Atlantic. Steamer Toronto, which left New York Jan. 26, for Hull, has put in here short of coal, water and food. Steamer Rhynland, from Philadelphia, Jan. 26, for Liverpool has not been signalled and her delay is attributed to boisterous weather prevailing.

Old Gold Miner Dead.

Atlanta, Feb. 12.—Captain J. H. McCoy, well known to those interested in gold mining in Georgia, died from a stroke of paralysis at Hotel Alhambra here, aged 79 years. Captain McCoy was one of the Argonauts of the days of '49 and "rounded the Horn" when

The report of Capt. Rich on the
Brazos river survey has been trans-
mitted to congress by the secretary
of war. The report shows the river
is so obstructed from Waco to Old
Washington that eighteen locks
and dams will be necessary to make
it navigable. A six foot depth be-
tween the above mentioned points
will cost for locks and dams, snag-
ging and dredging, \$3,500,000. For
operation, maintenance and repairs
\$125,000 annually will be required.

For a low water depth of six feet
the following estimates are made:

Mouth of the river to Old Wash-
ington \$2,450,000; Old Wash-
ington to Waco, \$3,500,000; total,

\$5,950,000. To this estimate must
be added an annual cost of \$225,-

000 for operation. If the reach of

the river from its mouth to Old
Washington is improved by a sys-
tem of temporary spur dikes the

cost is estimated as follows: Mouth

to Old Washington, \$225,000; Old
Washington to Waco, \$3,500,000;

total, \$3,725,000. The cost of main-
tenance and operation is fixed at

\$165,000 a year.

Held on a Grave Charge.

Henry Stringer, a young man
who has been carrying the mail
north out of Anderson toward
Bedias, is now being held at Bryan
on orders from postmaster at An-
derson.

Some days ago County Judge
McDonald registered a letter at
Anderson containing \$55.00 and
addressed to a school teacher at
Mesa. The registered letter passed
Keith alright, but did not reach
Mesa. The sack containing the
mail was considerably mutilated
in transit and it is alleged that
Stringer cut it to get the money
package. The young man is well
connected in Grimes county and
has many friends who hope to see
him exonerated—Navasota Examiner.

The young man referred to was
tried before Justice Mitchell Mon-
day and fined \$25 and costs for
carrying a pistol. After the trial
the young man was held on tele-
gram to Marshal Boyett from Con-
stable Forester of Navasota, and
was still in jail here yesterday af-
ternoon.

"For Bonnie Annie Laurie."

Mr. and Mrs. W. C. Bishop of
Hearne spent yesterday in Bryan as
guests of Sheriff and Mrs. T. C.
Nunn. They were married at 1:30
p.m., Monday at Corsicana by Rev.
E. W. Solomon, pastor of the Metho-
dist church.

The bride, Miss Annie Laurie Kirksey,
daughter of Dr. W. H. Kirksey, and
one of the loveliest girls of
Hearne, was visiting relatives in
Navarro county. There were pa-
rental objections to the match, so
the young groom joined her there
and the pair were happily wedded as
stated above. They came immedi-
ately to Bryan, spent the day yester-
day, and returned last night. Mr.
Bishop is a brother of Mrs. T. C.
Nunn of this city. He is justice of
the peace at Hearne, one of the pub-
lishers of the Hearne Democrat, and
a talented and promising young man.

The heartiest congratulations of the
Eagle are hereby extended.

WASHINGTON NEWS.

Congressman Sulzer Causes a Sharp
Debate in the House

He Is Arraigned by Mr. Mahon of
Pennsylvania and Takes His Re-
venge Out on Perry Heath.
The Senate Session.

Washington, Feb. 12.—This was a
field day in the house, by far the liveliest
of the present session. An interesting
debate over the constitutional
limitations on the power of the senate
over revenue legislation initiated by the
house was precipitated when Mr. Payne,
the chairman of the ways and means
committee brought in the resolution of
the committee to disagree to the sub-
stitute proposed by the senate as an
amendment to the war revenue reduction
act and to ask for a conference
with the senate.

Mr. Tawney of Minnesota championed
the cause of the house and its par-
mount rights over revenue legislation,
but was unfortunate in not bringing for-
ward a resolution to return the bill to
the senate with the declaration that the
senate had transcended its powers in
substituting an entirely new measure
for the bill of the house.

The subsequent debate showed that
had this course been adopted the proposi-
tion would have commanded a large
vote. Instead, however, he insisted
upon a division of the resolution and
after the first portion, to disagree—had
been adopted he made the point of order
that the second motion was not in
order, because the senate in its substi-
tute had evaded the constitutional pre-
rogative of the house. The result was
that the members were not confronted
with the direct issue and the house vot-
ed 232 to 88 to ask for a conference.

Later in the day during the discussion
of the diplomatic and consular approp-
riation bill an impassioned pro-Boer
speech by Mr. Sulzer of New York drew
a round of cheering from the house.
After the speech was over, the house
voted 232 to 88 to ask for a conference.

Priests' Property in Philippines.
London, Feb. 12.—A dispatch from
Madrid says the pope has determined
the proceeds from the property of the
priests in the Philippines, if the priests
sell the property and leave those islands,
will go into the treasury of St. Peters.
His holiness permitted the friars to hold
estates for the support of missions and
if the missions are abandoned the church
will devote money to the support of
missions elsewhere. The Spanish ambas-
sador to the vatican, Senor Pidal,
who was recently appointed to this position
had intimate relations with the pope
and will soon begin to discuss
questions affecting the interest of Span-
ish church orders.

Mass Denounces Catholicism.

London, Feb. 12.—One of the most interest-
ing events in connection with the opening of parliament on Thursday will be the formal declaration by the king of his disbelief in the characteristic doctrines
of the Roman Catholic faith. Any person professing the popish religion is incapable of inheriting or possessing the crown, and the sovereign is bound to make the required declaration either on the throne or in the house of lords, or in both houses at the first meeting of the first parliament after the accession to throne or at the coronation, whichever shall happen first.

Don't Doubt Words Passed.

Paris, Feb. 12.—The French foreign office has not yet received an official report of the Von Waldseer-Bailloud incident at Pekin, but it admits there may have been slight friction between the two commanders. As to the reported intention of the French occupying Shansi, the foreign office officials say there is no foundation for the report as French troops have orders not to penetrate into Shansi as the government think such a step would be quite impolitic and tantamount to invading the new country.

Another Big Oil Well.

Chicago, Feb. 12.—A special to The Tribune from Hartford City, Ind., says an oil well which has a flow of more than 7000 barrels a day and which has already inundated five acres of land with petroleum was struck in Blackford county, six miles northwest of here, and eight miles west of Montpelier. Contractors claim the well is a freak and the enormous output cannot be maintained any great length of time. Tanks are being erected to save the oil.

Strikers Return to Work.

Hazleton, Pa., Feb. 12.—The Lattimer strikers who went out three weeks ago because of the alleged unwarranted discharge of two drill runners, have decided to return to work and operations will be resumed at the colliery. The drill runners will not be reinstated as at first demanded by the mine workers, but will be supported by the latter until they secure other work. The strikers, it is estimated, lost about \$27,000 in wages during their idleness.

Child Burned to Death.

Decatur, Tex., Feb. 12.—Mattie Burns, the 3-year-old daughter of Mary Burns, who lives at this place, was burned to death. The child's mother had stepped out of the house and left it alone by the fire. Neighbors being attracted by its screams, ran to find its clothes ablaze and its body below the hips badly burned. The burning clothes were quickly extinguished and medical aid called in, but the child died.

Found Dead in His Cell.

Wichita Falls, Tex., Feb. 12.—An unknown man who was placed in jail Sunday night was found dead in his cell Monday morning. He has not been identified. The coroner's inquest has not been concluded, and until it is known the cause of his death will not be known.

London Waiters Idle.

London, Feb. 12.—The indefinite postponement of all West End hotel dinners and social functions, owing to the mourning for the queen, has proved disastrous to London waiters, more than 3000 of whom are out of employment.

SPANISH WAR CLAIMS.

House and Senate Agree as to How They
Should Be Settled.

Washington, Feb. 12.—Conferees of the
house and senate have reached an
agreement upon the bill providing
means of settling claims of citizens of
the United States and Spain as provided
for by the Paris treaty of peace. The
house conferees recede from an amendment
requiring the court of claims to pass upon such claims and accepts the
senate provision for a commission. The
new membership of the committee,
however, is increased from three to five.
A provision was inserted making decisions
of the committee final, but giving
authority to grant a rehearing under
certain circumstances, and also to
ask the opinion of the United States
supreme court on points of law. Commissioners
are to be appointed by the president and confirmed by the senate and the
bill requires that they be learned in law. Headquarters of the
commission will be in Washington, but
is empowered to send a commissioner
abroad to take testimony.

King George Leaves England.

London, Feb. 12.—King George of
Greece, started homeward at 11 o'clock
this morning. King Edward, duke of
Cornwall and York, Prince Charles of
Denmark and members of the Greek
legation in London accompanied him
to Victoria station where a guard of
honor was in attendance. The route
from Buckingham Palace to the station
was lined with cheering crowds. After
the king of Greece had bidden farewell
to others he and King Edward entered
a saloon carriage and embraced each
other, kissing each other on both cheeks.
The train started in the midst of cheering.

Friars' Property in Philippines.

London, Feb. 12.—A dispatch from
Madrid says the pope has determined
the proceeds from the property of the
priests in the Philippines, if the priests
sell the property and leave those islands,
will go into the treasury of St. Peters.

STATEMENT OF ASSISTANT SURGEON GEORGE F. FREEMAN, UNITED STATES NAVY.

United States Naval Hospital, Washington, D. C., Jan. 26, 1900.

DEAR SIR:—I consider the continued use of alum in baking powders injurious for the reason that some of the alum will remain and be taken into the stomach in a soluble form, most probably the hydrate, and being soluble in the acid secretions of the stomach will interfere with the immediate gastric digestion, and continued use will bring on a more chronic gastritis.

I think that the use of alum in baking powders should have a label certifying that they are free from alum; that the use of alum by bakers should be prohibited by law; and that any breach of the law should be punishable by a suitable fine.

Very respectfully,

A Beautiful Wedding at St. Andrews Episcopal Church.

During more than eight years residence in this city it has been the pleasure of the writer to chronicle many happy marriages of Bryan young people, and the after lives of all of them have been marked by a degree of success and happiness surpassing in most cases even the bright anticipation of the wedding day. Their happy homes are among the loveliest and most inviting in the city, and in business and social circles they move in the front rank. Long acquaintance having woven friendship's ties to the more enduring bonds of love, the currents of their lives have blended in a quiet, happy and restless sweep towards eternity.

Such a happy marriage, and one blessed with the good wishes and most hearty congratulations of relatives and friends, was solemnized at St. Andrews church last night. Mr. Thomas Kirwin Lawrence and Miss Josephine Clarke were the central figures, and Rev. Herbert E. Bowers the officiating minister.

The beautiful services of the Episcopal church was used, and Mr. Frank Clarke, her brother, gave the bride away. Miss Elizabeth Porter was maid of honor and Mr. F. C. Oliver best man. The other attendants were Miss Peverly and Dr. W. H. Lawrence, Miss Parker and Mr. W. J. Coulter, Miss Henderson and Mr. George W. Smith, Jr., Miss Smith and Mr. W. A. Murray, Miss Norrell of Houston and Mr. O. E. Saunders, Miss Cavlit and Mr. John Wilson.

Previous to the ceremony Miss Marie Adams sang a solo with great sweetness and expression, with an accompaniment by Miss Smith.

Mendelsohn's wedding march, with Mrs. Milton Walker Sims, Jr., at the organ, announced the entry of the bridal party.

Little Miss Dorcas Parker, flower girl, and little Misses Pauline Moore and Caro Packard, pillow bearers, preceded the couple to the alter.

The church was exceedingly beautiful, with an artistic and elaborate arrangement of green vines, moss, pot plants, roses and holly, with the added effect of lighted candles.

After the ceremony, carriages in waiting conveyed the bridal party to the home of Mr. and Mrs. Frank Clarke, where a reception was tendered, and benedictions were showered upon Mr. and Mrs. Lawrence.

The bride's dress was of mousseline de soi, over white taffeta, with a bertha of duchesse lace, and the exquisite bridal veil worn by her sister, Mrs. Packard, as a bride, was caught with a diamond sunburst, the gift of the groom. She carried an arm bouquet of bride's roses and ferns.

Miss Porter wore white organdie over pink taffeta, and carried bridesmaid's roses. The other bridesmaids wore white organdie over taffeta, and carried shower bouquets of white carnations. The little flower and pillow girls were in thread cambrie dresses, with Valenciennes lace.

Mr. and Mrs. Lawrence are natives of Bryan and very popular in social circles. The bride is accomplished in music and other attainments and is greatly admired for her lovable character and sunny disposition.

The groom is a talented and popular young business man, with the energy and ability to command success and fulfill the promising future which lies before him.

Mr. and Mrs. Lawrence are at home at the residence of Mrs. S. G. Yates.

Give the Boys a Chance.

The move on foot for closing the stores on and after March 1st at 6:30 p.m., is a correct one on business principles and as an act of justice to employees. It is the former because it is the latter. As usual with a matter of this kind, it is popular and approved of by about all of the business men, and if a big majority adopt the plan promptly on the date named, the rest will quickly fall in, and the move will be a success.

All progressive towns and cities have this custom, and not to adapt it will put us in the class of sleepy country villages where the catch-penny shops are kept open as late at night as any straggler or loafer is on the street with a possible quarter or dime in his pocket. Close your stores at 6:30 and let the boys have a little time at home, or at the boarding house or with their best girls. You won't lose a cent by it if you will show them this consideration, and you will feel better about it, and sleep sounder yourself.

The Ewing-Taylor Company

Have been compelled to change their date in Bryan on account of sickness in the company, and will not give a performance until Thursday night, Feb. 14th, upon which occasion the laughable society comedy, "Because He Loved Her So," will be presented. The Ewing-Taylor management prefer to loose the time to presenting a play in an inferior manner. Ladies free Thursday night when accompanied with a paid 30 cents ticket.

THERE WAS NO NEGLECT

Green Had Every Attention While Sick Aboard the Santee.

Washington, Feb. 12.—The navy department has received from Commander Richard Wainwright, superintendent of the naval academy at Annapolis, the report of the investigation made by him into the circumstances attending the death of Robert Green, a young marine of Virginia, aboard the Santee. It was charged that his death was due to neglect of proper attention at the time of his illness.

The report completely exonerates the officials from the charge made. It says that young Green had every care, medical and otherwise, which his case demanded, that there was no exposure to wet or cold, that he was buried with the usual ceremonies, with a proper escort accompanying the remains and the firing of a volley and taps over his grave and that the burial services were performed by the chaplain of the naval academy. The navy department officials say there is no further action to be taken in the case.

SUGAR TO GO UP.

No Thirty Day Guarantee Now Given by the Wholesale Grocers.

New York, Feb. 12.—The wholesale grocery trade has received notices from the American Sugar Refining company saying that privileges of sugar departments have been withdrawn and that from this date orders will be accepted for prompt shipment only. In effect this nullifies the 30 day guarantee on prices. It is believed the company was led to take this step in anticipation of a more active season and it is believed to foreshadow a slight advance. Already the demand for refined sugar is heavier than during the corresponding period last year, and, according to trade reports nearly all of the raw sugar brought to this port last week was sold before it was landed. Later it was announced the independent refiners, including Arbnokle Bros., had withdrawn their guarantee.

Topeka Joints Closed.

Topeka, Feb. 12.—The saloonists of this city generally heeded the warning to close their places by convention Monday. When Chief Stahl and two officers visited the 35 places they found them all closed with the exception of one. No arrests were made.

Dispensary Bill Introduced.

Topeka, Feb. 12.—Representative Green of Cowley county, has introduced a state dispensary bill in the house. The bill provides for the establishment of dispensaries in numerous precincts through the state.

Only a Small Crowd.

Muscatine, Ia., Feb. 12.—Mrs. Nation arrived here at noon Monday and was met at the train by 4000 people. A squad of police were on hand at her request to escort her to the hotel. The crowd however, was peaceful and quiet, and evidently turned out through curiosity, for less than 500 people attended her meeting at the Grand opera house at night. After the meeting closed and the receipts of the evening were counted the financial manager of Mrs. Nation dissolved partnership with her. Mrs. Nation will go to Chicago as she had planned.

Raid Made on Whisky.

Tekamah, Neb., Feb. 12.—The railroad depot in this town was raided by unknown persons Sunday night and 88 cases of liquor consigned to farmers and others and valued at \$400, were seized and destroyed. Tekamah is a dry town under the local option law.

Must Pay on Whisky.

Hillsboro, Tex., Feb. 12.—The Pacific Express company has ordered its agents here not to accept any more consignments of whisky for local option towns O. O. D. This order is the outgrowth of complaints recently made to the company of the jug nuisance and of the ruling of the higher courts which makes them an agent of the liquor dealers. Over 800 jugs have been returned because they were not called for and it is said that fully as many more will be returned in the same condition. It is said jugs were sent to parties who did not order them, which accounts for the jugs accumulating so at Brandon, Frost and Blooming Grove.

Charged With Murder.

Owensboro, Ky., Feb. 12.—James Ray of Utica was arrested on the charge of murdering Guy Burdette, who died Jan. 20. It was then claimed Burdette's injuries were received while wrestling. It is now claimed that Ray struck Burdette over the head with tobacco stick and that the witness shielded Ray in their testimony before the coroner's jury. Ray is now in jail.

Killed by Deputy Marshal.

Winona, I. T., Feb. 12.—News has reached here of the killing of Don Beck, a noted Indian Territory character, of Kansas, I. T., by Deputy United States Marshal Frederick Sill and a large posse. The officers have been after Beck for several days and trailed him from Kansas, I. T., to a distillery near Maysville, Ark., where they surrounded him and when he attempted to escape he was commanded to halt, whereupon he fired on the officers and a general fight followed, Beck falling dead. Three bullets pierced his head. His horse was killed with him. Beck shot a man in the last Cherokee election and has killed several people during his career.

Penn Relics at Auction.

London, Feb. 12.—The will of William Penn, which is entirely in his handwriting, and a collection of autograph letters were sold at auction for £355. Mr. Sabin, a London bookseller, was the purchaser. B. F. Stevens, an American agent, bid £350.

Questions for Women

Do you have periodical pains? Do you have frequent backaches? Are you nervous? Are you continually exhausted? Do you suffer every month? If you answer "yes" to any of these questions you are suffering from ill which Wine of Cardui cures. Do you appreciate what perfect health would be to you? After taking Wine of Cardui, thousands like you have realized it. Wine of Cardui insures freedom from female diseases. At each recurring menstrual period, if care be not taken, slight ailments will appear. Nervous strain, loss of sleep, cold or indigestion start disorders which are not noticeable at first, but day by day steadily grow into troublesome complications. Wine of Cardui, used just before the menstrual period, will keep the female system in perfect condition and render it invulnerable to disease. The medicine is taken quietly at home. There is nothing like it to help women enjoy good health. Wine of Cardui costs only \$1. Test this remedy, which is endorsed by 1,000,000 cured women.

WINE OF CARDUI

Cairo, Ky., Sept. 6, 1899.

I take pleasure in writing a few lines in praise of your wonderful medicine, Wine of Cardui. It is the best medicine I ever heard of. I am thirty-six years old and have been sick all my life. I had a dozen doctors, but none of them did me any good. I have taken one bottle of Wine of Cardui and will take another with Black-Draught. I have been married six years and have a baby five years old. I had womb and kidney trouble. My monthly period was so bad that sometimes it came twice a month. I was too sick to do work for a family of three. Now I am up and can do most of my work. When I was sick I could not sleep at night. I sleep well at night now. A friend of mine advised me to use Black-Draught with Cardui.

LAWYER TRUMBULL KILLED

He Was General Counsel for the Texas and Pacific Railroad Many Years.

St. Louis, Feb. 12.—L. M. Trumbull, former general counsel for the Texas and Pacific Railway company, was instantly killed today by a passenger train at a crossing in Webster Grove, St. Louis county. He did not see the train coming and stepped in the way.

Rubey Trumbull, a son of deceased, was killed in the same manner at San Antonio, Tex., three years ago.

Mr. Trumbull had lived in Webster Grove but one year, having moved there from Dallas, Tex., where he had lived with his wife and daughter Lelah for many years. He had been attorney and general counsel for the Texas and Pacific road for 20 years previous to his retirement. He was 66 years of age and partial paralysis caused retirement from active life.

TEXAS LEGISLATURE.

Bill Passed for the Erection of an Epileptic Asylum at Abilene.

Austin, Feb. 12.—The senate this morning passed finally the house bill appropriating \$200,000 for the erection of an epileptic asylum at Abilene, Tex.

An effort to reconsider and defeat the bill requiring each county to furnish its own tax rolls was unsuccessful.

The house engrossed its bill seeking to regulate the practice of medicine and then discussed the bill to purify the ballot box.

Favor Inviting the President.

Knoxville, Feb. 12.—Fred Ault Camp of the United Confederate Veterans Monday night reenacted resolutions passed by Robert A. Smith camp of Jackson, Miss., favoring an invitation to President McKinley to attend the Memphis reunion. Action was sequel to resolutions recently passed by the Zollicoffer camp in this city calling upon General John B. Gordon to change the place of the reunion and protesting against an invitation to the president. Expressions of individual members of Fred Ault Camp are all opposed to the Zollicoffer resolutions declaring the president would come as president of the nation and not as a member of the Grand Army of the Republic.

Red Cross Hospital.

New York, Feb. 12.—The New York Red Cross society, through William T. Wardwell, the president, has purchased for \$100,000 a plot of ground adjoining Central park on the west on which will be erected a Red Cross hospital and a home for Red Cross sisters. The money for the purchase will be raised by private subscription, the greater part being given by Mr. Wardwell and the money to rebuild the hospital which is to cost about \$60,000, will be raised in the same way.

British More Hopeful.

London, Feb. 12.—A very curious sentiment is prevalent in London relative to the condition of affairs in South Africa. It is one of supreme hopefulness. There has never been any such buoyancy of sentiment since General Roberts took Pretoria. There is absolutely no doubt that news has reached here from German sources showing that the Boers are pretty near at their last stand. This view is also taken on the stock exchange.

Hitch Over Manager.

Pittsburg, Feb. 12.—An afternoon paper here prints a story that the hitch in the final arrangements in the Carnegie deal is over the position to be occupied by Mr. Frick. According to the paper A. W. Mellon is with Frick, and the former is interested in Frick with J. Pierpont Morgan. Mr. Morgan is anxious to place Frick at the head of the new combination and Carnegie is for President Schwab.

Longest Wireless Message.

London, Feb. 12.—Prof. John Fleming, lecturing at Liverpool, said he had Signor Marconi's permission to make the first mention of the fact that on the first day of the reign of King Edward VII Marconi accomplished the feat of sending wireless messages between St. Catherine's, Isle of Wight, and the Lizard, 200 miles. What are Premium Stamps

They are premium stamps given by the following leading merchants, representing nearly every line of trade, to induce patronage. The customer is given one stamp with every 10 cent purchase, and when \$25 worth of stamps are collected the customer is permitted to present the book of stamps at the Depository and select a useful article of good value. Books containing \$100 worth of stamps are issued by the following merchants upon the request of customer, and, when purchases are made, stamps are issued for every 10 cents or multiple thereof. When stamp books are one-fourth full, or one-half full, or three-fourths full, or entirely full, premiums may be selected at the depository, according to value. Premiums of higher value are also given for two and three books of stamps. It is necessary for the purchasing public to remember three essential things, to-wit: First that Premium Stamps have an actual value, and are issued by the following live and progressive merchants to increase their patronage and give a special benefit and decided advantage to their customers in dealing with them. Second, That the customer will not pay one cent more when buying from these merchants, but, if anything, much less, because the use of Premium Stamps increases trade, makes business "hum," and enables the stamp merchants sell cheaper by reason of the large volume of patronage induced by the same. Third, that the premiums obtainable from the collection of stamps are really to discounts on bills not otherwise obtainable from merchants, and decided by the courts to be a legitimate method of soliciting business. A wise use is sufficient." Call on any of the following merchants for books, which give full information of their use in English and German. Do not hesitate to ask for stamps on all your purchases from them in their lines:

Cuba Must Include Concessions in its Constitution.

WOOD IS INSTRUCTED

The President Tells Him to Call the Attention of Cubans to What

the United States Demands

and Must Have.

Washington, Feb. 13.—As a result of a conference between President McKinley and Secretary Root, supplemental instructions were sent to General Wood to call attention of the Cuban constitutional convention to the importance and necessity of including the requirements of this government in the constitution. It is demanded that the Monroe doctrine shall be recognized; that Cuba shall not mortgage the island to any foreign power; that the United States be given the right to establish naval stations at Havana, Guantanamo, Nipe, Cienfuegos, and the right to maintain at least a part of the present military force in the island and that the United States shall assist Cuba in maintaining a stable government.

On account of the situation in Cuba there has been renewed talk of the probability of an extra session of congress.

The president has reiterated his desire to have congress take action in relation to Cuba at the earliest possible moment,

and advices received from General Wood within the last two days are said to be of such a character as to make an extra session practically imperative.

The Cuban planters now in Washington trying to have the duty taken off tobacco imported from Cuba into the United States and to obtain other modifications of the tariff in favor of Cuban products, have been advised to go home and tell their people it is impossible to grant them any such favors, because until a Cuban government has been organized a reciprocity treaty cannot be negotiated, while Cuba has nothing to give in return for concessions and there does not seem to be a disposition on the part of any one in Cuba to grant any concessions to the United States. An effort is being made to use this opportunity to open the eyes of the Cubans to the necessity of favorably considering the demands of the United States as to the provisions of the new constitution.

Senator Morgan, chairman of the committee on inter-oceanic canals, agrees that it is necessary for the United States to retain coaling and naval stations in Cuba. Information recently sent to his committee by Captain Sigsbee, chief intelligence officer, shows that there are in the West Indies 18 ports under the control of Great Britain, 4 under France, 1 under the Netherlands, 2 under the Dutch and 2 under Denmark. Of the British ports, the most important are on the islands of Bermuda and Jamaica. To offset these, stations on the southern side of Cuba are essential.

Senator Morgan says the strength of the British outposts show the wisdom of the navy department in selecting naval stations in Cuba, and emphasizes the necessity of this country retaining possession of them.

WASHINGTON NEWS.

The House Disposes of the Army Appropriation Measure.

SUNDY CIVIL BILL.

It is the Last of the Big Money Bills Except One—Senate Discusses the Agricultural Bill Completing Only Half.

Washington, Feb. 13.—The house has passed the army appropriation bill and has now before it the sundy civil bill, the last but one of the big money bills. The debate on the army bill yesterday was confined largely to a discussion of passing bills to remove the charge of desertion against soldiers and was made notable by a statement of Mr. McLellan of New York, comparing the cost of the soldier in European armies with the cost to the United States.

According to his figures with increasing the cost of pensions, etc., each United States soldier involved an expense of \$2820, while a German soldier cost \$237 and a French soldier \$232.

Previous to consideration of the appropriation bills the letter reflecting upon Perry S. Heath, which Mr. Sulzer introduced into the proceedings Monday was expunged from the record.

During the debate upon the motion to expunge, Mr. Sulzer renewed his attack upon Mr. Heath, reiterating his statement that he was willing to fatter the statements in the letter and declaring that if any action was brought against him he would not plead his constitutional immunity.

During the entire session of the senate the agricultural appropriation bill was under discussion. After six hours the bill was little more than half completed. The debate upon the measure dealt almost entirely with administrative details of the department of agriculture, many commendations of the work of the department being made by senators on both sides of the chamber.

HAZING OVER.

BILL THAT WILL PUT A STOP TO ABUSES AT WEST POINT.

Washington, Feb. 13.—Representative Dick's bill concerning hazing at the West Point military academy was adopted by the conferees of the two houses of congress on the military academy bill in lieu of the senate provision on the question of hazing. Some minor verbal changes were made and the eleventh section of the bill was stricken out entirely, but the changes do not alter the spirit of the measure. The amendment renders it mandatory that the superintendent of the academy shall suppress "challenge fighting and every form of hazing at the academy."

It also provides for the dismissal of all cadets in any way connected with fights or challenges to fight and also of "any cadet who shall direct, invite or request any candidate or cadet to eat or drink anything for the purpose of punishing, annoying or harrassing him, or who shall, without lawful authority, direct or require any candidate or cadet to brace or engage in any form of physical exercise."

It is also specified that no cadet dismissed for either of these causes shall be reinstated or reappointed in the academy, and also that no cadet shall ever be appointed to any office in the army, navy or marine corps.

TOO MANY PENSIONS.

Washington, Feb. 13.—At the opening of today's session of the senate Mr. Clark of Wyoming presented the credentials of his colleague, Mr. Warren, re-elected senator from Wyoming for a term of six years, beginning March 4.

In reporting favorably a batch of private pension bills, Mr. Gallinger, chairman of the committee on pensions, gave notice to senators that it would be useless for them to introduce any more pension bills at this session, as the committee on pensions could handle no more.

Both to Be Retired.

Washington, Feb. 13.—The retirement of Generals James Wilson and Fitzhugh Lee will take effect immediately after the confirmation of their nominations by the senate.

Choate Refuses Cabinet Position.

Washington, Feb. 13.—President McKinley has informed his cabinet unofficially that he has heard from Ambassador Choate and that Mr. Choate is not disposed to accept the attorney generalship. The president made the tender of this place to Mr. Choate several weeks ago, hoping to get the strongest available man to succeed Attorney Griggs.

Wilson and Lee Confirmed.

Washington, Feb. 13.—Among confirmations by the senate were: Jas. H. Wilson, of Delaware and Fitzhugh Lee of Virginia now brigadier generals of volunteers to be brigadier generals in the regular army; Colonel John C. Bates to be brigadier general; Edward P. Seeds, of Iowa deputy auditor for war department.

McKinley Declared President.

Washington, Feb. 13.—President Pro Tem Frye declared William McKinley elected president and Theodore Roosevelt vice president of the United States, and then dissolved the joint meeting of the house and senate today.

Women took part in the primary election in Kansas City, Kas.

TAFT WELCOMED.

GIVEN A GRAND RECEPTION ON HIS TRIP TO NORTHERN LIZON.

San Fernandina, P. I., Feb. 13.—Bacolod and all the towns adjacent to the railroad, whose names are historic on account of the fierce battles of the earlier periods of the American occupation, turned out to welcome the United States Philippine commission as it proceeded northward on its first trip to organize provincial governments.

At every station addresses were delivered by natives and responses were made by Judge Taft, Prof. Worcester, General Flores, Chief Justice Arellano and Dr. Tavera, president of the Federal party. The natives repeatedly declared the natives were beginning to understand the purposes of the Americans, adding that the commission's acts showed their promises will be kept. Judge Taft told the people of the towns in Bulacan province that a provincial government will shortly be established there.

The American party alighted at San Fernandina, passed under an arch of welcome, and was greeted by the military and hundreds of children waving American flags and singing "Hail Columbia."

An insurgent colonel, Simon Techon, seven insurgent officers and 70 men, with 60 guns, have surrendered unconditionally to Captain Coles, of the Thirty-fifth regiment, at San Miguel de Mayumo. In a fight at Sibuyan, Batangas, the rebel general, Malbras, is reported to have been killed. Six insurgents officers and 20 men were captured.

Marquina is the scene of an immense peace meeting of the Federal party.

TEXAS CATTLE MEN.

LIVE STOCK ASSOCIATION MEETS AT FORT WORTH IN ANNUAL SESSION.

Fort Worth, Tex., Feb. 13.—The Texas Live Stock association met here in annual session yesterday. The morning session of the convention was fast and furious. In the short space of 40 minutes the body had reached out after Secretary of Agriculture James Wilson's scalp for the position he has assumed in the Grout bill fight, went on record as being strongly in favor of a feeding and breeding department at the Agricultural and Mechanical college, favored the strengthening of the state livestock sanitary commission and passed resolutions on the Galveston port matter. Such as admitted of explanation were argued briefly and to the point and those resolutions, the wisdom of which was self-evident, were adopted in a hurry. The attendance was not large,

IDENTIFIED AS BANK ROBBERS.

Joplin, Mo., Feb. 13.—Johnson and O'Neil, who have been held in this city for several days for complicity in the Cudahy kidnapping, have been identified as the men who killed the marshal while robbing a bank at Brumbaugh, Mo., several months ago. The marshal's daughter positively identified Johnson and O'Neil as the men who killed her father. At the time of the robbery \$6000 was taken and \$20,000 was destroyed by the explosion that wrecked the safe. When arrested here the men carried several thousand dollars in gold. They were taken to Nevada, Mo., for trial.

BLEW HIS BRAINS OUT.

San Antonio, Feb. 13.—S.C. Williams, aged 40, agent for the Singer Sewing Machine company, blew his brains out in the Turf Exchange poolroom on the Alamo plaza Tuesday night. He walked into the poolroom after the crowd had left, pulled off his coat, rolled it into a bundle, placed it under his head as he stretched out on three chairs. Then he took a 38-caliber pistol from his pocket and shot himself between the eyes. Death was instantaneous. He left a note stating that he killed himself on account of physical suffering. He was a consumptive and had been here for some time.

KERNELS FROM COTTON SEED.

Austin, Feb. 13.—The first and only plant in the world for the extraction of the whole kernels of cotton seed from the hulls will soon begin operation here. It was erected at a cost of \$50,000, and has a daily capacity of 100 tons of cotton seed. The kernels are extracted by a machine and process invented by a member of the firm which owns the plant. The kernels will be shipped to France where the oil will be extracted and the meal sold for much higher price than is to be obtained for it in this country.

MINISTER FROM COLOMBIA.

New York, Feb. 13.—Carlos Martinez Silvela, minister of the United States of Colombia at Washington, has reached here on his way to Washington. The minister and his party will stop in New York a few days before proceeding to Washington.

OFFERED A PHILIPPINE JUDGESHIP.

St. Johnsbury, Vt., Feb. 13.—Ex-Lieutenant Governor Henry C. Bates of this city, has been offered the position of judge in the Philippine islands and he will accept the commission. The salary will be \$5500 a year.

STATEMENT OF ASSISTANT SURGEON GEORGE F. FREEMAN,

UNITED STATES NAVY.

United States Naval Hospital, Washington, D. C., Jan. 26, 1900.
DEAR SIR.—I consider the continued use of alum in baking powders injurious for the reason that some of the alum will remain and be taken into the stomach in a soluble form, most probably the hydrate, and being soluble in the acid secretions of the stomach will interfere with the immediate gastric digestion, and continued use will bring on a more chronic gastritis.

I think that the use of alum baking powders should be prohibited by law; that all baking powders should have a label certifying that they are free from alum; that the use of alum by bakers should be prohibited by law and that any breach of the law should be punishable by a suitable fine.

Very respectfully,
GEO. F. FREEMAN,
Assistant Surgeon, United States Navy.

Six-Thirty Closing.

The writer took the opportunity of calling upon the merchants to ascertain their views in regard to closing their stores at a uniform hour of 6:30, beginning March 1st, and continuing until Sept. 1st. In nearly every instance the proprietors expressed their willingness, and several of them desire to close up their store at the above hour. Every one admits that there would be no loss incurred if all the stores would enter this agreement, and state that they would close as early as the rest. This is indeed encouraging and we believe if the initiative is promptly taken on the 1st on March, six-thirty will be recognized as the closing hour and no merchant will have occasion to remain open later. The ladies of Bryan will readily see the benefits of such a move and will take pleasure in attending to their purchases earlier in the day.

No signed agreement will be asked for, as we believe from assurances given that all will voluntarily recognize the hour and close as promptly as circumstances will permit.

A MERCHANT.

Ladies Favor Early Closing.

At their meeting yesterday afternoon the ladies of the Mutual Improvement Circle adopted resolutions endorsing the 6:30 o'clock closing movement, conforming their shopping hours to such an arrangement and recommending a similar course to their friends. The ladies have long favored the plan and expressed great satisfaction that the initiative has been taken.

WELCOME FROM LONDON.

The City Presents King Edward With an Address and His Replies.

London, Feb. 13.—The lord mayor, sheriffs and aldermen, robed in mazarine gowns, accompanied by civic officers, swordbearers, macebearers and other attendants, proceeded in state carriages to St. James palace today to present to the king the royal address on behalf of the city of London. The king and the duke of Cornwall and York, attended by their suite, reached the palace shortly after noon. The ceremonial was the same as is observed at a levee. All the principal officers of state were present. The king wore the uniform of a field marshal and the duke of York wore the rear admiral's uniform. His majesty was received at the entrance by the great officers of state and conducted to the throne room and received the address. His majesty varied the customary procedure. Instead of merely handing a reply, he read it in a clear, firm voice.

VALUABLE PICTURE.

It Was Painted in 1623 and Bought from Castle Howard in England.

Boston, Feb. 13.—A Boston museum of fine arts, now possesses one of the finest examples of the "Old Masters" in this country. It is a Velasquez, a portrait of Little Prince Carlos and his dwarf playmate, painted about 1623, when the son of Philip IV was 2½ years old.

The reported price paid by the board of directors of the museum is \$80,000. The selling price was advertised at \$90,000, but though the director will not say what was paid it is understood that they secured a slight reduction.

Will Taliaferro has returned to his studies at the Galveston Medical College, after visiting at home for several days.

INDIANS GET AWAY.

FIVE HUNDRED ELITE MEXICAN TROOPS AND KILL SEVERAL RAUCERS.

Tucson, A. T., Feb. 13.—Ignacio Gaxialo, a prominent rancher, was ambushed and killed by Yaqui Indians at Sieris, near Hermosillo.

General Torres made an effort to secure a large number of Yaqui Indians and take them to the interior of the republic, the government hoping to stop the Yaqui warfare by this means. He brought the Indians to Hermosillo after the soldiers had killed Verde, the old chief of the Yaquis at Hermosillo. The Indians broke away from 500 troops under General Torres, who guarded them.

At Sieris they ravaged ranches, stole horses and provisions and fled to the Yaqui river. Several prominent ranchers were killed. The soldiers pursued the Indians, but caught only a few. People are excited at Hermosillo and advised by Tucson merchants warn Americans against going into the mountains. A large number of hitherto peaceful Yaquis have joined the warriors.

A MASK OF NAPOLEON.

Plainfield, N. J., Feb. 13.—From an ash barrel that had been consigned to a dump Colonel Julian Scott, the well known artist, has rescued a death mask of Napoleon, which was taken at St. Helena after the death of the great general. The mask is a mate to the one highly prized in the collection of the Metropolitan Museum of Art, which was presented by Mrs. Astor. The mask found by Colonel Scott belonged to the Spooner collection of valuable works of art, when the owner lived in North Plainfield. After his death it fell into hands who did not know its value and gradually drifted to one side until it fell into the ash barrel, and was found just in the nick of time by Colonel Scott. Although somewhat damaged, Colonel Scott believes he will be able to restore it to its original value.

WOODMEN ELECT OFFICERS.

Fort Worth, Tex., Feb. 13.—The following officers were elected by jurisdiction C, of the Woodmen of the World: W. A. Fraser of Dallas, head consul; M. L. Wigington, of Hillsboro, head adviser; J. W. Blake, Sherman, head banker; J. A. Todd, Fort Worth, head clerk; J. D. Alexander, Garland, head escort; O. Oleson, Yoakum, head watchman; Paul Revere, Texarkana, head secretary.

Fourteen Years for Cattle Theft.

Helena, Mont., Feb. 12.—A. J. Kelley and George Hantisch cattle rustlers convicted of stealing three calves and peddling the veal, were sentenced to 14 years each in the penitentiary by Judge Henry Smith. The severe penalties met with general approval.

AWAITING DECISION.

Preparations Being Made for the Fight as if No Decision Was Involved.

Cincinnati, Feb. 13.—Preparations for the contest between Jeffries and Ruhein and between Martin and Childs are proceeding as if the promoters expect the events to be pulled off on time Friday night. Over \$1000 was taken in for tickets Tuesday, making an aggregate of over \$45,000 to date. If the application for an injunction is refused tomorrow the promoters expect orders to roll on that day and on Friday.

If Judge Hollister issues the injunction against the contest the attorneys for the promoters say they will then appeal the case to the circuit court and the directors of the Saengerfest Athletic association will postpone the contest for two or three weeks so as to give time for the case to be carried to the court of last resort.

If Judge Hollister should grant an injunction against the prize fight and such a boxing contest as that for which Mayor Fleischman has issued his permit, then it is quite probable that the promoters will go ahead under their original plan, that they propose to give a boxing contest.

In that event it is expected by many that Governor Nash would interfere and that it might seriously complicate matters. A similar situation would ensue in the event that Judge Hollister, who sits in a court of equity, should hold that he had no jurisdiction in a case of a criminal nature, such as it is claimed that a prize fight represents.

The concensus of opinion is that Judge Hollister will assume jurisdiction and grant a permanent injunction.

ANXIOUS CINCINNATIANS.

Decision of Prize Fight Case Awaited with Much Anxiety.

Cincinnati, Feb. 13.—The boxing contest with Jeffries and Ruhein, Childs and Martin in the ring, scheduled for this city for Friday night, is certainly hanging in the balance. There are very many who would like to know what will happen here during the next two days. There is much anxiety regarding the decision of Judge Hollister on the application for an injunction and what will be done by the promoters of the boxing contest after the decision has been rendered.

The anxiety for Friday is based mostly on the action of Gov. Nash. Of course the turn of events Friday will largely depend on the decision.

It is understood Governor Nash will not accept the claim that the championship event can be boxing contest and that he holds it to be a prize fight and therefore felony, under Ohio laws.

Mayor Fleischmann has issued a permit for a boxing contest and not for a prize fight and the Saengerfest association insist that they can pull off this event under the permit for a boxing contest without coming in conflict with the law.

Managers Brady and Madden and the contestants are ready for the event and they have such engagements, even for Saturday and next week and the future, as to cause them to be very anxious to get along without any postponement, if possible.

Managers Brady and Madden and the contestants are ready for the event and they have such engagements, even for Saturday and next week and the future, as to cause them to be very anxious to get along without any postponement, if possible.

General Charles G. Loring, director of the museum, said: "I have no hesitation in declaring it the finest picture in this country. It is a Velasquez, a portrait of Little Prince Carlos and his dwarf playmate, painted about 1623, when the son of Philip IV was 2½ years old.

"Young-Man-Afraid-of-Work," who spent the fall term in search of a painless education, did not return to college after Christmas. He will take a "business" (?) course at the Instantaneous Commercial School. His progress here indicated graduation with the class of "1910."

Dr. Francis is frequently called away from College to inoculate pure bred cattle against Texas fever. The cattle raisers of Texas and the South generally owe a deep debt of gratitude to Dr. Francis for his successful results along this line of investigation. So successful has his treatment been that less than 3 per cent now die from this dread disease, whereas formerly the loss ranged from 50 to 90 per cent.

Mr. E. A. White, who was recently elected assistant professor of horticulture vice A. M. Ferguson, resigned, is a graduate of the Massachusetts Agricultural College, class of '95. Upon graduation he was elected assistant horticulturist of the State Experiment Station, Amherst, Mass., where he remained until 1897. From 1897 to 1900 he was a member of the firm of White & Frests, florists and landscape gardeners, Arlington, Mass. In January, 1900, he accepted the position of instructor in horticulture and botany at the Baron de Hirsch Agricultural and Industrial School, Woodbine, N. J., where he remained until January, 1901.

COL. HARVEY MITCHELL.

At his home in Bryan, on January 16, passed away an honored and useful citizen. Colonel Mitchell was the oldest settler in this county, having come here in 1839. He was personally acquainted with Sam Houston and other famous Texas pioneers. He always took an active interest in public affairs, and held many positions of honor and trust. To him almost entirely is due the location of this college in Brazos county. It was he who called the mass meeting to devise ways and means of securing the location. After funds had been subscribed he, with Judge Spencer Ford and Senator Saylor, were appointed a committee, endowed with plenary powers, and instructed to secure the location of the college in Brazos county. Judge Ford failed to attend the meeting of the legislation committee which was to locate the college. Senator Saylor and Colonel Mitchell went, but the day before the committee met at the Hutchins House, in Houston, Senator Saylor's boat from Galveston grounded on a sand bar, so that Colonel Mitchell alone met the committee and induced them to locate the college in Brazos county, notwithstanding the fact that all bids for the location were higher than his. In his death the college loses a warm friend and the community an honored citizen. Our sympathies go out to his bereaved family.

THE BOLL WEEVIL.

Early Planting Insures One-Half to Two-Thirds of a Cotton Crop.

Bryan, Texas, Feb. 13, 1901.

Bryan Eagle:

The boll weevil having made their appearance in Brazos and adjoining counties, all business men and farmers, and in fact the entire community, is very much interested in the battle against them. Since their first appearance in Brazos county last fall, I have taken advantage of every opportunity to learn something of their workings, and have become in possession of some information that likely will be of benefit to the public, which I furnish you. If you think it worth anything, I will be glad if you publish it and ask the papers of this and adjoining counties to copy.

From a letter now in my possession from a gentleman whom I personally know, and who is a close observer and perfectly reliable, I have learned that cotton planted early, where the boll weevil exists, will make from one-third to one-half crop, and that late planting will make nothing. This letter was written from Bee county and states that the estimates made are based on the 1895 crop—the year in which the weevil did greatest damage in that country.

I have also seen and talked with a number of farmers who for several years farmed in South and Southwest Texas where the weevil existed in great numbers, all of them give about the same information in regard to the pests and agree that early planting will make some part of a crop, while late planting will make nothing. The plan of one of my informants, as practiced by him is: first, to plant early, and then gather and burn the fallen squares; to commence as soon as they begin to be numerous and go through his crop. Then in about two weeks go over it again.

After this he stated, they become so numerous that he could not keep up with them, and therefore abandoned it, after the second burning. Yours very truly,

A SUBSCRIBER.

The Record Breakers of Repertoire Business.

The return of the ever popular Ewing-Taylor combination is heralded with delight by all our theatre goers. This organization will be remembered as visiting our city last season. They return now with Mr. Albert Taylor and Miss Gertrude Ewing heading one of the strongest repertoire companies in the middle west and south, producing their own royalty plays, with all special scenery, calcium and electrical effects, carrying a carload of special scenery. This company carries more vaudeville artists than any other like company now traveling. Their prices are within the reach of all—10, 20 and 30 cents. One lady free tonight with one paid 30 cents ticket provided it is reserved before six o'clock tonight.

What are Premium Stamps

They are premium stamps given by the following leading merchants, representing nearly every line of trade, to induce patronage. The customer is given one stamp with every 10 cent purchase, and when \$25 worth of stamps are collected the customer is permitted to present the book of stamps at the Depository and select a useful article of good value. Books containing \$100 worth of stamps are issued by the following merchants upon the request of customer, and, when purchases are made, stamps are issued for every 10 cents or multiple thereof. When stamp books are one-fourth full, or one-half full, or three-fourths full, or entirely full, premiums may be selected at the depository, according to value. Premiums of higher value are also given for two and three books of stamps. It is necessary for the purchasing public to remember three essential things, to-wit: First that Premium Stamps have an actual value, and are issued by the following live and progressive merchants to increase their patronage and give a special benefit and decided advantage to their customers in dealing with them. Second, That the customer will not pay one cent more when buying from these merchants, but, if anything, much less, because the use of Premium Stamps increases trade, makes business "hum," and enables the stamp merchants to sell cheaper by reason of the large volume of patronage induced by the system. Third, that the premiums obtainable from the collection of stamps amount to reality to discounts on bills not otherwise obtainable from merchants, and decided by the courts to be a legitimate method of soliciting business. A book, which give full information of their use in English and German do not hesitate to ask for stamps on all your purchases from them in their different lines:

YOU CAN GET THIS CHAMBER SET FREE

You can, without knowing it, furnish a bed chamber, without cost, by dealing with merchants who give Premium Stamps with every purchase.
